REPORT OF FIRE CHIEF

Town of Grantham

To Honorable Board of Selectmen:

I hereby submit my report of the year 1954, for the organization of the Grantham Volunteer Fire Department.

The Department answered three alarms for the nine months it has been in operation. Two were bad chimney fires at the home of Henry Howard in August. I feel that this fire would have been more serious, as the fire was in the inner wall, if the Department had not been there with seven members present. The fire took about two hours to put out. On the same night the Department answered a call to find a lost child on Howe Hill. 23 members responded. On October 6, the Department answered another call at the home of Donald Barton for another chimney fire. Five members responded. The fire would have caused more damage, as a flue stop had blown out of the wall upstairs.

The Department now consists of twenty-seven members, which includes two Captains and one Lieut. All members have taken part in at least two drills a month, weather permitting, in the art of handling hose, a ladder and general practice.

I have now in running condition, a Ford tank truck with a 500 gallon water capacity with 150 feet of booster hose. This truck is also equipped with a 250 gallon front end pump and carries: lighting equipment, 1 C O 2 extinguisher and ladder, hand pump cans, smoke mask and general equipment.

The pump truck is a 1941 Dodge, built by the men of the Department with the Town's 500 gallon pump installed on the chassis. This truck will more than pump the water needed at most fires, but I feel that the Ford truck will answer most fires in the town.

I have been in communication with the State Fire Marshal's office and the Department has been recognized by his office. We have started the Fire House and with a little luck and weather permitting, will have it completed by spring. I have installed a Fire Alarm system in the building, which is small, but will serve the purpose for the time being.

We are badly in need of more hose. The hose we have now was made in 1942, and has started to rot in most places. I have not been successful in getting the hose back from the State Forestry Department which was lost on Grantham Mountain in 1953, but will keep after this matter. I have received many pieces of fire equipment from many towns and from Massachusetts, which have helped in many ways.

My recommendation for the Fire Department budget for 1955, which will be used to buy the hose we need, help to furnish the Fire House and maintenance, should be \$500. I know this amount is high but we need the equipment for the men badly. I think they have done a splendid job in the few months the Department has been officially organized and they deserve a lot of credit for their co-operation.

I have enjoyed working both with the men of the Department and the Selectmen, and thank them for their generous co-operation.

Respectfully submitted,

ARTHUR R. CARVER,
Chief of Grantham Fire Dept.

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Grantham:

The problem of securing teachers for the schools is becoming ever more critical. The reasons are many and include:

(a) too few graduates from teacher training colleges

(b) a great increase in the number of pupils all over the country and consequently the need for many more teachers

(c) higher wages paid in industry and to teachers in Massachusetts, Connecticut etc.

(d) many teachers prefer not to teach in rural schools.

Grantham has been and is fortunate to have such capable teachers and my thanks are expressed to them. The years ahead appear to be critical ones so far as securing teachers is concerned.

The amount of State Aid for the current year dropped to \$5,720.84 from \$7,805.84, which had been received during 1953-54. Unless more State money is appropriated by the Legislature for educational aid, Grantham is likely to receive less State money next year.

The sum of \$306.36 is to be set aside as a Capital Reserve Fund according to the vote of the last District meeting. Your judgment last year would seem to be good policy for next year, that is to vote into Capital Reserve any balance over \$300.00, which may exist on June 30, 1955.

Mrs. Doris Farrington is teaching her fourth year in Grantham Village (Primary room); Mrs. Ella Reney is the upper grade teacher in the Village, and Mrs. Martha Armstrong teaches all grades at North Grantham. Mrs. Florence De Palma is the school nurse.

Mrs. Stella Durkee, the Helping Teacher, has been very helpful to the boys and girls. She has tested and guided many pupils and enabled them to make better advancement in school.

My sincere thanks are extended to the School Board, the people of Grantham, and all others who have helped to make the school year successful.

Respectfully submitted,

HAMMOND YOUNG,
Superintendent.

REPORT OF SCHOOL NURSE

All pupils were seen through the routine inspections including eye testing, hearing tests, and check up on heights and weights.

I am very happy to say there have been very few communicable diseases and those we did have were very well controlled by real cooperation of family, doctor and teachers.

May I here express my thanks to the Grantham school board and the teachers for the help and support which they all contributed so willingly and thereby helped make the School Health Program possible.

Respectfully submitted,

FLORENCE M. DE PALMA, R. N.
